

Railay Sunset + Bioluminescent Planktons (by Long Tail Boat) - 17:00 - 20:00 hrs. (No Transfer, No Kayak, No National Park Fee)

#TOUR-246 · TOUR · Railay Sunset + Bioluminescent Planktons · Krabi

Overview

Experience Railay’s evening beauty on a three-hour long-tail boat tour through Krabi’s dramatic coastal scenery. Watch the sunset over the Andaman Sea before heading to darker waters to observe the natural glow of bioluminescent plankton. This compact evening trip suits couples, families and travellers staying near Railay who want a memorable night-time experience without a full-day island programme. Hotel transfers and kayaking are not included, and plankton visibility depends on natural conditions.
