

Dinner in the Sky Lounge

#TOUR-020 · TOUR · Dinner · Phuket

Overview

Dinner in the Sky Lounge delivers one of Phuket's most dramatic dining experiences — a fully catered meal served at elevation, with sweeping panoramic views across the island's coastline, jungle, and city lights. Guests are secured in open-air seats on a purpose-built platform lifted high above the ground, turning a standard dinner into a genuinely unforgettable event. The one-hour experience is precisely choreographed, ensuring seamless service from ground to sky and back. Ideal for couples celebrating a special occasion, corporate incentive groups looking for a showstopper, or any traveller who wants to go beyond the ordinary and take home a story worth telling. Dinner in the Sky is a Belgian based novelty restaurant service which uses a crane to hoist its diners, table, and waiting staff 150 feet (50 meters) into the air. Being welcomed in the 'Dinner in the Sky Lounge' guests can enjoy a drink before their "flight" takes off. Guests are required to fill in their personal information as well as a release of liability form. Lockers are available for guests to store their personal belongings. Guests are allowed to take mobile phone and camera with them during the flight. The in the air suspended table was developed following the highest security standards and is produced in Belgium. Hosting 22 guests as well as 1 chef, 1 bartender, 1 entertainer, guests enjoy high quality food & drinks, music and breathtaking views.
