ITINERARY (not in any particular order; subject to tide / weather conditions)

1. PHRA NANG CAVE / 2. RAILAY BAY: This place has a beautiful beach with a unique shrine full of carved wooden phallic items. Believers come here to pay their respects and pray. (Only Sightseeing)
3. CHICKEN ISLAND: Known for its limestone pillar that resembles a head of a chicken, this area is a go-to place for snorkeling.
4. TUP ISLAND: When the tides are low, a sand bar appears and connects Tup Island with its neighboring Mae Island and Chicken Island. Crystal clear waters surround this area.
5. PODA ISLAND: An island with white sand beaches stretching from one side to the other that is surrounded by shallow, clear waters good for swimming and relaxing. We served BBQ Dinner here.
6. TANG MING ISLAND: One of the iconic landmarks in Krabi which can be seen from Poda Island.
7. BIOLUMINESCENT PLANKTON SITE: A location around Railay Bay where bioluminescent planktons glow when you swim around this area. (Availability subject to weather, moon phase and tide conditions).
